      E5            B                 C#m          A
Your lipstick stains on the front lobe of my left-side brains.
              E5                    B              C#m – A – B
I knew I wouldn't forget ya and so I went and let you blow my mind.
      E5         B                  C#m           A
Your sweet moonbeam, the smell of you in ev'ry single dream I dream.
              E5                  B                 C#m – A – B
I knew when we collided, you're the one I have decided who's one of my kind.
```

Hey, soul sister, ain't that Mister Mister on the radio, stereo?
         B          E             B
The way you move ain't fair, you know.
A            B        E    B    A          B

Just in time, I'm so glad you have a one-track mind like me.
                  E5                     B         C#m – A – B
You gave my life direction, a game show love connection we can't deny.
     E5        B                  C#m              A
I'm so obsessed; my heart is bound to beat right out my untrimmed chest.
              E             B              C#m              A – B
I believe in you. Like a virgin, you're Madonna and I'm always gonna wanna blow your mind.
```

Chorus
```
E5                     B5                     C#m7
The way you can cut a rug, watching you's the only drug I need. Some gangsta, I'm so thug.
          Asus2
You're the only one I'm dreaming of you see,
E5                      B5
I can be myself now finally.      In fact there's nothing I can't be.
E5                    Asus2       Bsus4
I want the world to see you'll be    with   me.
```
